

Locating NYC Vital Records

Using Italian Genealogical Group website and FamilySearch

About the Italian Genealogical Group indexes:

- This is *not* a complete index of all vital records for New York City.
- Marriages are broken down into a Brides Index, a Grooms Index, and a “Marriages” Index. Look at each collection search page to understand what you are (and are not) searching. For example, the NYC Brides Record Index currently includes Manhattan **brides from 1866-1937**, but the NYC Grooms Record Index only covers **grooms from 1866-1907**. No Manhattan brides or grooms would be part of the “Marriages” index because that only covers Nassau/Suffolk.
- Even though it is not a complete index, there are still millions of names indexed. Maybe one of them will be your ancestor’s name!
- You can also use stevemorse.org to search the Italian Genealogical Group (IGG) website.
